LTGS Academy Strengthens Financial and Digital Capacity at NVSDC

LTGS Rwanda PLC, through its LTGS Academy Utility, in collaboration with Hanga Hubs Nyagatare, successfully conducted a specialized professional training programme for the Nyagatare Volunteer Servers Development Cooperative (NVSDC) from 1 to 4 September 2026 at the Hanga Hubs Nyagatare training facility.

The programme was designed to strengthen the professional capacity of the cooperative's leadership and finance team by providing practical knowledge in financial management, financial technology, governance, internal controls, and the effective use of digital tools in financial administration.

The training formed part of the professional courses offered through LTGS Academy, which is dedicated to equipping organizations, cooperatives, businesses, and institutions with practical skills required to improve management, financial performance, governance, and digital transformation.

Leadership and Finance Team Receive Specialized Training

From 1 to 2 September 2026, LTGS Academy delivered specialized training to the senior management and Finance Department of NVSDC.

Mr. KWIZERA Enoki, Trainer at LTGS Academy Utility, delivering a practical training session on the use of technology in financial management.

The sessions focused on strengthening the participants' understanding of sound financial management practices and the appropriate use of technology in financial operations. Participants were introduced to practical approaches for improving financial planning, records management, reporting, internal controls, accountability, and the use of digital technologies to support efficient financial administration.

In addition to the core training provided by LTGS Academy, participants benefited from additional lessons, professional

guidance, and advisory sessions delivered by leaders and representatives from different local institutions.

These contributions provided participants with broader perspectives on cooperative development, institutional management, financial services, and sustainable organizational growth.

Marketing Team Receives Specialized Marketing Training

On 3 September 2026, LTGS Academy conducted a dedicated session for the NVSDC Marketing Team.

The training focused on practical marketing techniques and effective approaches for promoting the cooperative's products, services, and activities.

Participants explored how to identify and engage target audiences, improve communication with potential customers and partners, increase awareness of cooperative products, and use modern communication and digital channels to strengthen the cooperative's visibility.

The session aimed to equip the Marketing Team with practical skills that can support the cooperative's efforts to expand its reach, improve customer engagement, and promote its products and services more effectively.

Official Launching and Closing Ceremony

The Cooperative leadership explaining its activities and initiatives to the Vice Mayor for Economic Development of Nyagatare District, MUREKATETE Juliette, during the official launching ceremony.

On 4 September 2026, NVSDC officially concluded the training programme during a launching and closing ceremony that also provided an opportunity to showcase the cooperative's activities and products.

The event was attended by representatives of LTGS Rwanda PLC and other stakeholders who supported the training and cooperative development initiatives.

Mr. KWIZERA Enoki, Chief Executive Officer of LTGS Rwanda PLC, represented the company during the official closing ceremony. He also served as the principal trainer throughout the programme, delivering training and professional guidance to the participants across the different sessions.

The ceremony featured the official conclusion of the training programme, the presentation and showcasing of NVSDC's activities and products, and the awarding of training certificates to participants who successfully completed the programme.

The event marked an important milestone for NVSDC as it continues to strengthen its organizational capacity, financial management practices, marketing activities, and use of technology.

Building Stronger Cooperatives Through Professional Skills

The collaboration between LTGS Academy Utility and Hanga Hubs Nyagatare demonstrates the value of partnerships that support skills development and organizational strengthening at the community level.

By combining professional training, practical guidance, technology, and sector knowledge, the programme provided NVSDC with tools that can contribute to improved decision-making, stronger financial management, enhanced accountability, and sustainable cooperative development.

The initiative also highlights the growing importance of integrating financial management and digital technology into the daily operations of cooperatives and other organizations.

LTGS Academy Encourages Cooperatives and Businesses to Invest in Skills

Development

Speaking during the programme, LTGS Rwanda PLC emphasized the importance of continuous professional development for organizations seeking to improve their management systems, financial performance, governance, and use of technology.

“LTGS continues to encourage and invite cooperatives and business organizations to engage with LTGS Academy to strengthen their knowledge and professional capacity in financial management, governance, and technology, among other specialized courses offered by LTGS Academy.”

Through LTGS Academy Utility, LTGS Rwanda PLC continues to develop professional learning opportunities designed to provide practical and relevant skills to cooperatives, businesses, institutions, and other organizations.

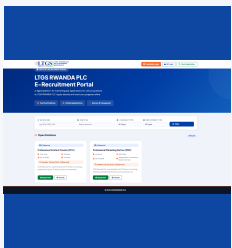

The Academy seeks to contribute to a stronger culture of professionalism, accountability, innovation, digital transformation, and sustainable organizational development across different sectors.

About LTGS Academy Utility

LTGS Academy Utility is a professional training initiative of LTGS Rwanda PLC that provides practical training and capacity-building programmes in areas including financial management, governance, digital technology, financial technology, organizational management, marketing, and other professional disciplines.

Through partnerships with institutions such as Hanga Hubs Nyagatare, LTGS Academy aims to bring professional knowledge and practical skills closer to organizations and communities across Rwanda.
