LTGS Rwanda PLC, in partnership with ICTHubs Limited, is inviting applications from qualified, passionate, creative, and results-oriented individuals to join the ImboniServe Creator & Marketing Partner Program.

The programme is designed to bring together professionals and talented individuals with experience in sales, marketing, business development, content creation, digital storytelling, photography, videography, hospitality, and technology promotion to support the growth, visibility, and adoption of ImboniServe.

ImboniServe is an AI-powered hospitality management platform designed to support the digital transformation of restaurants, cafés, hotels, bars, and other hospitality businesses by providing technology-driven tools that can improve business operations, customer engagement, and service management.

Professional Marketing Partner Opportunity

As part of the programme, LTGS Rwanda PLC and ICTHubs Limited are recruiting 100 Professional Marketing Partners (PMP).

The PMP opportunity is structured as an independent commission-based engagement, providing successful candidates with an opportunity to contribute to ImboniServe's market expansion while earning commissions based on their performance and results.

Professional Marketing Partners will play an important role in introducing ImboniServe to hospitality businesses, building market awareness, supporting customer acquisition, and promoting the adoption of the platform among potential users.

The opportunity is particularly suitable for individuals with practical skills in sales, marketing, business development, customer engagement, hospitality, and technology promotion.

Professional Content Creator Opportunity

The programme also provides an opportunity for 20 Professional Content Creators (PCC) to join ImboniServe on a part-time contractual basis.

Professional Content Creators will support the development of high-quality communication and promotional content aimed at increasing awareness of ImboniServe and strengthening its digital presence.

The role is suitable for creative professionals and individuals with experience in areas such as:

1. Digital storytelling
2. Photography
3. Videography
4. Social media content creation
5. Promotional content development
6. Technology communication
7. Hospitality-related media production

Through creative and informative content, PCCs will help demonstrate the value of ImboniServe to hospitality businesses and their customers.

Supporting the Digital Transformation of Hospitality

The ImboniServe Creator & Marketing Partner Program forms part of broader efforts to promote the adoption of digital technology within Rwanda's hospitality sector.

Restaurants, cafés, hotels, bars, and other hospitality businesses increasingly require modern tools to improve operational efficiency, strengthen customer relationships, and remain competitive in a rapidly changing digital environment.

Through ImboniServe, LTGS Rwanda PLC and ICTHubs Limited seek to support hospitality businesses with an AI-powered technology solution capable of contributing to more efficient and technology-enabled business operations.

The Creator and Marketing Partner programme will therefore serve as an important link between the platform and the businesses it is designed to support.

Who Should Apply?

The programme welcomes individuals who are passionate about technology, business growth, marketing, and digital innovation.

Applicants are expected to demonstrate relevant skills, experience, creativity, professionalism, and a results-oriented mindset appropriate to the position for which they are applying.

Candidates with backgrounds or practical experience in marketing, sales, business development, content creation, photography, videography, hospitality, digital communication, or technology promotion are particularly encouraged to apply.

How to Apply

Interested candidates are required to submit their applications through the official LTGS Recruitment Portal:

<https://management.lfsg.co.rw/e-recruitment/index.php>

Applicants are encouraged to review the official recruitment notice carefully before submitting their applications. The notice provides detailed information regarding the requirements, responsibilities, engagement terms, application process, and selection procedures for both opportunities.

Application Deadline

The application deadline for both the Professional Marketing Partner (PMP) and Professional Content Creator (PCC) positions is: 25 September 2026

Applicants are encouraged to complete and submit their applications before the deadline.

Building a Stronger Technology Adoption Ecosystem

The partnership between LTGS Rwanda PLC and ICTHubs Limited reflects a commitment to strengthening technology adoption through practical collaboration between technology companies, creative professionals, marketers, and the hospitality sector.

By creating opportunities for marketing professionals and content creators to participate in the growth of ImboniServe, the programme seeks not only to expand the platform's reach but also to create a professional ecosystem in which individuals can contribute their skills to the digital transformation of hospitality businesses.

The initiative further demonstrates the importance of combining technology, entrepreneurship, creativity, and market development in accelerating the adoption of innovative digital solutions.

About ImboniServe

ImboniServe is an AI-powered hospitality management platform designed to support restaurants, cafés, hotels, bars, and other hospitality businesses in adopting modern digital technologies for improved business management and customer service.

Through continued innovation and market engagement, ImboniServe aims to contribute to the development of a more connected, efficient, and technology-driven hospitality sector.

Join the ImboniServe Growth Journey

LTGS Rwanda PLC and ICTHubs Limited encourage qualified professionals and creative individuals who are ready to contribute to technology adoption and business growth to take advantage of this opportunity.

Applicants interested in becoming part of the ImboniServe Creator & Marketing Partner Program are encouraged to apply through the official recruitment portal before 25 September 2026.

Apply through the official LTGS Recruitment Portal:
